

**WE SECURE
YOUR CYBER
RESILIENT
FUTURE**

COMPANY PROFILE

Along with the countless opportunities the era of digital transformation and AI present, comes a fast evolving and expanding threat landscape. Threat-Actors move at a faster pace than organizations can react, creating a global concern over the breadth and depth of destruction cyber-attacks can cause.

With an innovative and forward-thinking mindset and a rich skillset, we have been successfully guarding our clients' digital ecosystems for the past two decades by helping them build cyber-resilience.

Through our 360° Holistic Approach for Achieving Cyber Resilience, we address the high volatility of the threat landscape by empowering our clients build digital ecosystems capable of anticipating, responding, withstanding, adapting to adverse conditions and quickly recovering from disruptive attacks.

*At Odyssey we are missioned to Secure
your Cyber Resilient Future*

professionals

3
Security Operations
Centres Worldwide

Odyssey is a leader in Cybersecurity, supporting organizations globally through their journey towards attaining and sustaining cyber resilience in a highly volatile threat landscape.

Driven by our core values: **Innovation, Passion for Excellence & Client Focus**, empowered by a rich skillset and stealth code of ethics, we help clients build digital ecosystems capable of anticipating, responding, withstanding, adapting to adverse conditions, and quickly recovering from disruptive cyber-attacks while meeting compliance obligations.

To fulfill this mission, we have developed a **360° Holistic Approach for Achieving Cyber Resilience**, consisting of solutions, services, and product offerings classified into five distinct yet synergistic pillars, namely: **Managed Services, Advisory Services, Threat Risk Assessment Services, Hybrid Integrated Solutions** and **ClearSkies™ TDIR Platform**.

Unique to our approach is the breadth and depth of our **World Class Professional Services** involvement in delivering our solutions, services and products, which come to optimize and amplify the efficiency, effectiveness and value of our offerings.

We operate state-of-the-art SOC2® attested Security Operations Centers in multiple regions, serving clients globally. We are ISO 27001, ISO 9001 and ISO 22301 certified, and accredited by the Payment Card Industry Security Standards Council (PCI SSC) as a Qualified Security Assessor (QSA).

Through our two-decade journey, we have received numerous global and national awards and recognitions, among which, inclusion in the Gartner Magic Quadrant for Security Event Management Systems and Data Impact Award for the "Most Admirable Architecture", both for our ClearSkies™ TDIR Platform. Also, several service excellence and innovation awards from national and international bodies.

ODYSSEY 360° HOLISTIC APPROACH FOR ACHIEVING CYBER RESILIENCE

The result of our two-decade engagement in the cybersecurity arena, our 360° Holistic Approach has been optimized to enable your organization Anticipate, Respond, Withstand, Adapt to adverse conditions, quickly Recover from disruptive cyber threats, and meet compliance obligations.

This holistic approach consists of solutions, services, and product offerings which are classified into five different Pillars. Each offering can achieve its intended purposes as part of your cybersecurity strategy, however, when carefully planned and implemented in combination, they are designed to work synergistically to enable you build resilience against emerging digital risks, in all operational aspects of your organization: **People, Process** and **Technology**, helping your organization shift from a Cyber Defensive, to a Cyber Resilient security posture, all while maximizing the return on your cyber security investment.

Pivotal aspect of our 360° Holistic Approach for Achieving Cyber Resilience, is the involvement of our **World Class Professional Services** in the design and delivery of the solutions, services, and product offerings comprising our 5-Pillar mix.

OUR 5-PILLAR MIX

Managed Services

Effectively mitigate operational risk, efficiently detect, investigate, and respond to security threats, and streamline your legal and regulatory compliance obligations with Odyssey Managed Services. Do so, while boosting operational cost-effectiveness by eliminating the need for heavily investing in building and sustaining an in-house Security Operations Center (SOC) and hiring cybersecurity experts, all while retaining access to cutting-edge security tools and technologies.

ClearSkies™ Threat Detection, Investigation & Response (TDIR) Platform

Safeguard your digital ecosystem with ClearSkies™ TDIR Platform, an Odyssey Award-winning solution that revolutionizes threat detection, investigation and response. Obtain real-time visibility into your security posture, swiftly identify and mitigate threats, and employ detailed investigation capabilities to grasp their nature and scope. Simplify compliance and risk management with ClearSkies™, offering comprehensive reporting and audit trails for seamless regulatory adherence.

Advisory (GRC) Services

Enhance your cybersecurity posture and organizational resilience with our Advisory Services benefiting from our skilled pool of consultants versed in Governance, Risk & Compliance (GRC) and equipped with key professional certifications. Benefit from our streamlined strategic planning advisory, to align cybersecurity initiatives with business objectives, and demonstrate commitment to GRC practices, to ensure business alignment, security investment optimization and compliance, while building stakeholder confidence.

Threat Risk Assessment Services by IthacaLabs™

Evaluate your organization's ability to withstand, respond and adapt to cyber-attacks and data breaches with Odyssey IthacaLabs™ Threat Risk Assessment services, which help enhance security, prevent losses and ensure compliance. By aligning security with business goals, prioritizing investments & adopting a proactive approach, you can maintain trust, drive continuous improvement & stay ahead of emerging cyber-threats.

Hybrid Integrated Solutions

Enhance your organization's Cyber Resilience with Odyssey Hybrid Integrated Solutions. Providing cutting-edge tools, technologies and best practices to strengthen your digital ecosystem in on-premises and cloud settings, they are designed to optimize the security, reliability, adaptability and scalability of your digital ecosystem, based on your strategic goals. Our solutions surpass traditional limits, addressing all cyber resilience needs and laying a solid foundation for technology integration.

DELIVERING PEACE OF MIND; OUR **WORLD CLASS** PROFESSIONAL SERVICES

Our **Professional Services** expert teams are synergistically involved in delivering the offerings under our **5-Pillar Mix**. They collectively work to ensure well designed, effective, efficient, and future proof solutions, services and products, by bringing a unique set of in-depth skills, all geared towards "**Delivering Peace of Mind**" for our clients.

Furthermore, as part of our **Staff Augmentation as a Service** model, you can engage our Professional Services to complement or supplement your existing capabilities, thus gaining specialized resource scalability and flexibility to meet project demands or address specialized tasks, without the long-term commitment of expanding your in-house Cybersecurity and Risk Management teams.

WHY ODYSSEY A STORY WITH HISTORY

OUR WHY

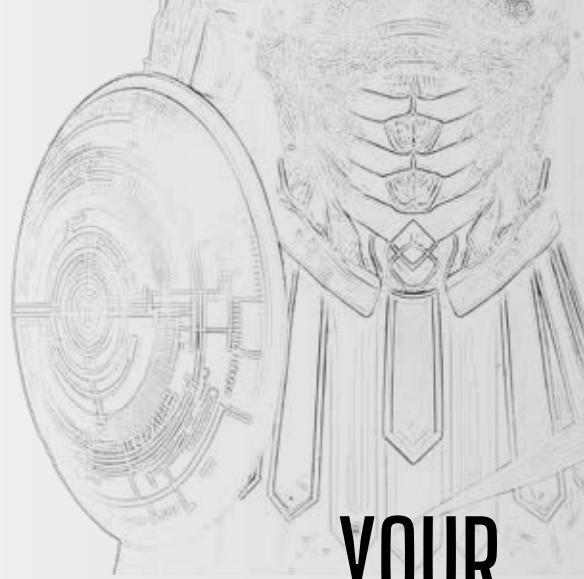

It's in Our Name

When we set sail over 20 years ago to create a company solely focused on Cybersecurity, we knew we were endeavouring into the unknown.

Much like the epic Homeric hero Odysseus, we set course into the uncharted threat landscape with only weapons, our firm belief in the importance cybersecurity would play in the new industrial revolution era and our determination to use our knowledge, expertise and understanding, to innovate and break ground in finding **Possible Solutions to Impossible Challenges.**

SINCE THEN AND STILL, THIS IS OUR ODYSSEY...

We maintain our course, steadfast toward our mission to **Make the World a Cyber Safer Place.** Along this exciting journey, we have gathered wisdom, foresight and resources, which are the value we bring to our clients... **in securing their cyber resilient future.**
